iwaki

since 1883

Iwaki was established in Kyobashi, Tokyo on 1883. Iwaki's special heat-resistant glasswares are loved by people all around the world. The fusion of design and function was made a reality because of our high technical capability. There is the Iwaki spirit we put into making each of our products.

Our heat-resistant glass can be used in microwave oven, and also for cooking in oven and oven toaster.* User friendly even for the novice cook and cleanup is a breeze. Whether its for cold, hot or storing and preserving, you will richly enjoy the various options you can choose from. Enjoy in different settings from tea time to creating a full meal.

* Products are for oven use only.

It can be stored compactly because there is no bottom rim as compared to other ceramics (left photo).

Its for all members of the family to use because it is light and hard to break.

Cleanup is a breeze! Dirt falls off easily because of the smooth surface.

Microwave OK! Just reheat and serve straight to the table.
