iwaki was founded in 1883 in Kyobashi, Tokyo.
iwaki glassware that utilizes the characteristics
of heat-resistant glass is now loved by people
all over the world.
The fusion of design and function is made
possible by our advanced technology.
You can feel the iwaki spirit in all of
our products.
Glassware can be used time and again, reduce
the burden on the environment.
Hoping to make our lives more earth-friendly.

The heat resistant glass can be used for microwave/oven*
cooking.
Our glassware is easy to use and easy to clean for all users
including novice cooks.
Heat-resistant glassware is designed for a variety of food
occasions from tea time to dining.
Cold food, hot food, and meals to store...etc., iwaki Glassware
will enrich your dining experience.
* Oven safe items only

VEGETABLE & VINEGAR

Pickles can easily be made by adding vinegar, sugar and vegetables of your choice and heating in a microwave oven, using the recipe scale printed on the glass as a guide.

Highly sealed to prevent leakage.
*It cannot be placed on its side for storage.

Microwave safe with the lid on.

The packing and lid are all-in-one, it's easy to wash.

Press the valve in the center for easy sealing.
Raise the valve and then remove the lid.

FRUITS & VINEGAR

You can make pickles easily by adding water, vinegar, salt, sugar, and vegetables of your choice using the recipe scale printed on the glass, and heating in the microwave.

Microwavable with lid on.

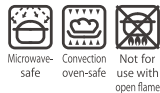

Tightly sealed with double packing !

PACK & RANGE • GIFTSET

Height design to fit drink cans to be well organized.

The tight seal prevents odor and liquid leaks. Ideal container for preserving foods with strong aroma, stews, etc.

*Please do not place it on its side.

Microwave safe with the lid on.

The packing and lid are all-in-one, it's easy to wash.

Press the valve in the center for easy sealing. Raise the valve and then remove the lid.

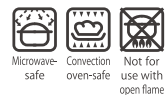

SEAL TIGHT PACK & RANGE

Parts material

lid/polybutylene terephthalate (heat-resistant temperature:140℃)
packing·valve/silicone rubber (heat-resistant temperature:200℃)

*Please remove the lid from glass body when use in oven.

Soy sauce Bottle

You can adjust the pouring
volume by pressing on the
air hole.

Silicone nozzle pours the
liquid nicely.

The airtight lid keeps the
flavor of the soy sauce
fresh.

Oil Bottle

No liquid leakage after
pouring.

It is designed to return the
oil to the bottle.
